4. The General Assembly, in its resolution 66/255, the Security Council, in its resolution 2086 (2013) and presidential statement of 21 January 2011 (S/PRST/2011/2), and the Peacebuilding Commission have all recognized the criticality of national ownership in peacebuilding, the importance of enabling global capacities to support national institutions and the need for strengthened cooperation and coordination within the United Nations activities on peacebuilding.
